

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

1862.

# INDEX.

- Abbott, C. C., observations on *Cottus Copei Abbott*, 2, 15; notes on the habits of *Aphredoderus Sayanus*, 79, 95; on *Cyprinus corporalis*, &c., 152, 154; on *Squalus americanus*, referring it to the genus *Odontaspis*, 390, 399.
- Ægiothus*, monograph of, by Elliott Coues, 373.
- Ailanthus* silk-worm, remarks on, by Dr. Stewardson, 525.
- Allen, Harrison, M. D., descriptions of new Pteropine Bats from Africa, 153, 156; description of a new Mexican Bat, 334, 359.
- Anableps, description of a new species of, by T. Gill, 3; remarks on, by Dr. Le Conte, 21; observations on, by Prof. Wyman, 56.
- Anculosa, description of new species of, by I. Lea, 14.
- Anodontæ, descriptions of two new species of, by I. Lea, 56.
- Ants, note on, by S. B. Buckley, 9.
- Aphredoderus Sayanus*, notes on the habits of, by C. C. Abbott, 95.
- Anisotremus*, by T. Gill, 105.
- Aristelliger*, by E. D. Cope, 494.
- Aulostomatoids*, on a new type of, found in Washington Territory, 168.
- Baculites*, revision of the species of, by W. M. Gabb, 394.
- Bats, descriptions of new Pteropine, from Africa, by H. Allen, M. D., 156; description of a new Mexican, by H. Allen, M. D., 359.
- Binney, W. G., Catalogue of Molluscs from British N. America, 311, 330; notes on the Molluscs of California, 311, 331.
- Blennoids, on a new generic type of, by T. Gill, 261.
- Bombyx cynthia*, (*Ailanthus* silk-worm,) remarks on, by Dr. Stewardson, 525.
- Brachiopoda, synopsis of American cretaceous, by W. M. Gabb, 18.
- Brown, A. D., descriptions of two new species of *Helix*, 311, 333.
- Buckley, S. B., notes on Ants in Texas, 2, 9; note on the Bartram Oak, 334, 361; description of new plants from Texas, 391, 448.
- Cassin, J., communication in reference to a new species of Goose from Arctic America, 72; descriptions of new Birds from Western Africa in the Museum of the Academy, 334, 335.
- Centropyx*, by E. D. Cope, 494.
- Cephalopod, description of a new carboniferous, by Wm. M. Gabb, 367.
- Chænichthyoids*, synopsis of, by T. Gill, 507.

- Clements, Dr. Richard, announcement of the death of, 58.
- Clupeinæ, synopsis of, by T. Gill, 33.
- Coleoptera, new species of, by J. L. Le Conte, M. D., 338.
- Coleopterous Fauna of Lower California, by J. L. Le Conte, M. D., 335.
- Committees, election of Standing, 20.
- Cope, Edw. D., remarks on Reptiles, 73, 75; notes and descriptions of Anoles, 205, 208; contributions to the Ophiology of Lower California, 258, 292; on the Reptiles of Sombrero and Bermuda, 311, 312; on the genera *Panolopus*, *Centropyx*, *Aristelliger*, and *Sphærodactylus*, 391, 494; observations upon certain cyprinoid fish in Pennsylvania, 522; on *Elapomorphus*, *Sympholis*, and *Coniophanes*, 524.
- Corbicula, descriptions of new species of, by T. Prime, 125.
- Cottus Copei, observations on, by C. C. Abbott, 15.
- Coues, Elliott, monograph of the Tringæ of N. America, 153, 170; notes on the Ornithology of Labrador, 203, 215; monograph of the genus *Ægithus*, &c., 334, 373.
- Crustacea, notes on certain Decapod, by Wm. Stimpson, 372.
- Curators, report of, 528.
- Cyclades, synonymy of the, by Temple Prime, 25.
- Cynipidæ, on the sex of, by Baron Osten Sacken, 150.
- Cyprinoid Fish, remarks on certain, by E. D. Cope, 522.
- Cyprinus corporalis*, referred to genus *Semotilus*, by C. C. Abbott, 154.
- Cyrena*, descriptions of new species of, by T. Prime, 125.
- Diatomaceæ, notes on, by Dr. F. W. Lewis, 61.
- Durand, E., report on Dr. Linsecum's collection of Texas plants, 98.
- Edwards, Wm. H., descriptions of certain species of Lepidoptera of the United States, &c., 152, 160.
- Elections, of officers, 530; of members and correspondents, 531.
- Elliott, D. G., description of a new species of *Pitta*, 153.
- Ennis, J., exhibited the young of *Kalemys Muhlenbergii*, showing certain affinities of this genus, 124.
- Evans, Dr. John T., announcement of the death of, 77.
- Eventognathi, on the classification of, by T. Gill, 6.
- Fishes, on some genera of, from western coast of N. America, by T. Gill, 164.
- Fisher, James C., resignation of, as Librarian, 257.
- Fossils, descriptions of new species of tertiary, by Wm. M. Gabb, 367; description of new cretaceous, by Wm. M. Gabb, 318, 363; ditto, by F. B. Meek, 314; descriptions of palæozoic, from Illinois and Iowa, by Meek and Worthen, 128; descriptions of new cretaceous, from Vancouver and Sucia islands, by F. B. Meek, 314; descriptions of new palæozoic, from Kentucky and Indiana, by S. S. Lyon, 409; descriptions of new lower Silurian, Jurassic, Cretaceous and Tertiary, by F. B. Meek and F. V. Hayden, 415.
- Gabb, Wm. M., synopsis of American cretaceous Brachiopoda, 1, 18; remarks on the *Gryphæa calceola* and the *Ostrea Marshii*, 21; announced his having discovered an outcrop of the Ripley group near Gloucester, 124; list of the Mollusca inhabiting the neighborhood of Philadelphia, 258, 306; descriptions of new cretaceous fossils from New Jersey, &c., 311, 318; descriptions of new tertiary American fossils and a carboniferous cephalopod, 334, 367; notes on cretaceous fossils, and descriptions of new species, 334, 363; monograph of the Polyzoa of the secondary and tertiary formations of N. America, 334, 335; revision of the species of *Baculites* described in Dr. Morton's synopsis of the cretaceous group of the United States, 390, 394.
- Gastrochænidæ, synopsis of the recent species of, by G. W. Tryon, Jr., 465.
- Gill, Theodore, catalogue of the Marine Fishes of the eastern coast of North America, 1; description of a new species of *Anableps*, 1, 3; on the classification of the Eventognathi, or Cyprini, 1, 6; appendix to the monograph of the Phylipni, and description of the genus *Lembus* of Günther, 2, 16; synopsis of the subfamily Clupinæ, with descriptions of new

- genera, 21, 33; synopsis of the subfamily Percinæ, 21, 44; synopsis generum Rhyptici et affinium, 21, 52; on the identity of the genera *Neomænis* of Girard and *Lutjanus* of Bloch, 73, 93; revision of the genera of *Sciæninæ* of N. America, 73, 79; communication on several new generic types of fishes, 77; on the *Haplodonotina*, 98, 100; on the genus *Anisotremus*, 98, 105; exhibited and described two new species of marine fishes, 98; synopsis of the *Uranoscopoids*, 100, 108; notes on some genera of fishes of the western coast of N. America, 153, 164; on a new type of *Aulostomatoids*, 153, 168; on the genus *Podothecus*, 258; description of a new generic type of *Blennoids*, 258, 261; monograph of the tridigitate *Uranoscopoids*, 258, 263; synopsis of the *Polynematoids*, 258, 271; synopsis of the *Sillaginoids*, 391, 501; ditto of the *Notothenoids*, 391, 512; ditto of the *Harpagiferoids*, 391, 510; ditto of the *Chenichthyoids*, 391, 507.
- Goose, communication in reference to a new species of, from Arctic America, by J. Cassin, 72.
- Graham, Col. J. D., letter from, mentioning discovery by him of a diurnal tide in Lake Michigan, 1.
- Grouse, description of a new species of, by G. Suckley, M. D., 361.
- Haplodonotina*, by T. Gill, 100.
- Harpagiferoids*, synopsis of, by T. Gill, 510.
- Hayden, F. V., M. D., description of fossils collected in Nebraska, &c., 390, 415.
- Hayes, Dr. Isaac I., invitation to address the Academy in reference to his late Arctic Expedition, 334; complies with said request and places his collection at the disposal of the Academy, 335.
- Helix*, description of two new species of, by A. D. Brown, 333.
- Hemiptera, descriptions of four species of, by P. R. Uhler, 284; rectification of the paper upon, of the North Pacific Exploring Expedition, 286.
- Homoptera, of the N. Pacific Exploring Expedition, by P. R. Uhler, 282.
- Horn, George H., M. D., monograph of the Polyzoa of the secondary and tertiary formations of the United States, 334, 335.
- Huffnagle, Dr. Chas., announcement of the death of, by Mr. Sergeant, 1.
- Hyporthodus flaviculata*, new species described by T. Gill, 98.
- Io, descriptions of seven new species of, by I. Lea, 393.
- Kalemys, young of, exhibited by J. Ennis, showing affinities of the genus, 124.
- Keim, Geo. M., announcement of the death of, 150.
- Kennicott, Robert, on three new forms of Rattlesnakes, 205, 206.
- Lea, Isaac, descriptions of twenty-five new species of *Unionidæ* from Ga., &c., 21, 38; description of a new species of *Neritina* from Coosa River, Ala., 21, 55; descriptions of two new species of *Anodonta*, from Arctic America, 21, 56; descriptions of new species of *Anodonta* and *Lithasia*, 24, 54; descriptions of twelve new species of *Uniones* from Alabama, 56, 59; exhibited specimen of slag in form of a cotton-like mass, 73; description of new genus of *Melaniadæ*, &c., 77, 96; descriptions of forty-nine new species of the genus *Melania*, 100, 117; descriptions of new fossil Mollusca from the cretaceous formation at Haddonfield, N. J., 124, 148; new *Unionidæ* of the United States, 334, 335; descriptions of eleven new species of *Unio*, 391; descriptions of seven new species of the genus *Io*, 391, 393.
- Le Conte, John L., M. D., new species of Coleoptera of the Pacific district of the United States, 334, 338; Coleopterous Fauna of Lower California, 334, 335.
- Lewis, Dr. Francis W., notes on new and rare species of *Diatomacæ* of the United States, 56, 61.
- Lewis, Dr. James, extract of a letter from, in reference to three species of *Paludina* in the Erie Canal, 2; remarks on a very sudden fall of temperature at Mohawk, N. Y., with diagram, 22; letter in relation to habits and growth of *Unionidæ*, 57.
- Leidy, Dr. J., announced discovery of lignite at the border of the new red sandstone on Plymouth Creek, 77.

- Lembus, description of the genus, by T. Gill, 16.
- Lepidoptera, on some species of, found in the United States, &c., by Wm. H. Edwards, 160.
- Lignite, discovery of, on Plymouth Creek, 77.
- Limnobiaceæ, descriptions of nine new, by Baron R. Osten Sacken, 287.
- Liostominæ, communication on, by T. Gill, 89.
- Lithasia, description of new species of, by I. Lea, 54.
- Lutjanus, identity of, with Neomænis, by T. Gill, 93.
- Lyon, Sidney S., description of new Palæozoic Fossils from Kentucky and Indiana, 390, 409.
- Mammal, Description of a new Quadrumanous, by J. A. Slack, M. D., 463.
- Markland, Mr. John H., Announcement of the death of, by Mr. Sergeant, 1.
- Meek, F. B., descriptions of new Palæozoic fossils from Illinois and Iowa, 124, 128; descriptions of new Cretaceous fossils from Vancouver and Sucia Islands, 311, 314; description of the lower Silurian, Jurassic, Cretaceous and Tertiary fossils collected in Nebraska, &c., 390, 415.
- Melania, descriptions of forty-nine new species of, by I. Lea, 117.
- Melanidæ, description of a new genus of, by I. Lea, 96.
- Miles, Manly, descriptions of two new species of shells from Michigan, 124.
- Midas, description of a new species of, by J. H. Slack, M. D., 463.
- Mollusca, descriptions of new fossil, by I. Lea, 148; list of those inhabiting the neighborhood of Philadelphia, 306; catalogue of, from British America, by W. G. Binney, 330; notes on the Molluscs of California, by the same, 331; on the Mollusca of Harper's Ferry, Virginia, by G. W. Tryon, Jr., 396; synopsis of recent species of Gastrochænidæ, a family of Molluscs, by the same, 465.
- Moore, Dr. Samuel, announcement of the death of, 56.
- Mosasaurus, remarks on bones of, found in upper stratum of Marl, by Dr. Slack, 2.
- Neomænis, identity of, with Lutjanus, by T. Gill, 93.
- Neritina, description of a new species of, by I. Lea, 55.
- Norris, Thaddeus, remarks on a species of Osmerus, 56, 58.
- Nototheneids, synopsis of, by T. Gill, 512.
- Oak, Bartram, note on, by S. B. Buckley, 361.
- Ophiology, contributions to, by E. D. Cope, 292.
- Ornithology of Labrador, by E. Coues, 215.
- Osmerus, remarks on, by T. Norris, 58.
- Osten Sacken, Baron, on the sex of Cynipidæ, 150.
- Osten Sacken, Baron R., nine new species of N. American Limnobiadæ, 258, 287.
- Otolienus apicalis, Remarks by Dr. Slack on a species so called by Du Chaillu, 153.
- Panolopus, on the genera Panolopus, &c., by E. D. Cope, 494.
- Percinæ, synopsis of, by T. Gill, 44.
- Peters, Francis, announcement of death of, 125.
- Philypni, appendix to Monograph on, by T. Gill, 16.
- Pitta, description of new a species of, by D. G. Elliot, 153.
- Plants, descriptions of new, from Texas, by S. B. Buckley, 448.
- Pleistocene, deposit of, on the shore of James' Bay, 97.
- Podothecus, on the genus, by T. Gill, 258.
- Polynematoids, synopsis of, by T. Gill, 271.
- Prime, Temple, Synonymy of the Cyclades, &c., No. 2, 21, 25; Descriptions of new species of Cyrena, &c., 124, 125; Descriptions of three new species of Mollusca, 391, 414; Monograph of the species of Sphærium of North and South America, 391, 402.
- Ravenel, Edmund, description of new recent shells from the coast of S. Carolina, 21, 41.
- Rattlesnakes, on three new forms of, by R. Kennicott, 206.
- Reptilia of Sombroero and Bermuda, by E. D. Cope, 312.
- Rhyptici, synopsis of, by T. Gill, 52.
- Ripley Group, announcement of the discovery of an outcrop of, near Gloucester, by Mr. Gabb, 124.

- Sciæninæ, revision of the genera of, by T. Gill, 79.
- Scolopendra, descriptions of new species of, by H. C. Wood, Jr., 10.
- Secretary, Recording, report of, 526.
- Shad, remarks on the food of, by Dr. Leidy, 2.
- Shells, descriptions of new, from the coast of S. Carolina, 41; notice of, from Hudson's Bay, 97.
- Shizostoma, description of new species of, by I. Lea, 54; remarks of Dr. Showalter on, 56.
- Showalter, Dr., of Alabama, remarks on Shizostoma, 56.
- Sillaginoideæ, synopsis of, by T. Gill, 501.
- Slack, Dr. J. H., remarks on some specimens of Mammalia, 24; on a species of the Lemuridæ, called *Otolienus apicalis* by DuChaillu, 153; description of a new species of Rodent of the genus *Spermophilus*, 311, 314; description of a new *Quadrumanous Mammal* of the genus *Midas*, 391, 463; Guide to the collection of the Academy, 391, 522.
- Spackman, Dr. George, announcement of the death of, 205.
- Spermophilus*, description of a new species of, by J. H. Slack, M. D., 314.
- Suckley, George, M. D., U. S. A., description of a new species of *Amer. Grouse*, 334, 361.
- Sphærium*, descriptions of new species of, by T. Prime, 125; monograph of the species of, of N. and S. America, by T. Prime, 402; descriptions of three new species of, by T. Prime, 414.
- Sphærodactylus*, by E. D. Cope, 494.
- Squalus americanus*, referring it to the genus *Odontaspis*, by C. C. Abbott, 399.
- Stewardson, Thos., M. D., remarks on the *Ailanthus* silk worm, 525.
- Stimpson, W., on marine shells from Hudson's Bay, and Pleistocene deposit on the shore of James' Bay, 75, 97; notes on Decapod Crustacea, 334, 372.
- Strephobasis*, description of, by I. Lea, 96.
- Sarothrodus maculo-cinctus*, new species described by T. Gill, 99.
- Tiedeman, Prof. F., announcement of the death of, 56.
- Thelyphonus*, description of a new species of, by H. C. Wood, Jr., 312.
- Tringæ, monograph on, by Elliott Coues, 170.
- Tryon, George W., Jr., on the Mollusca of Harper's Ferry, 390, 396; synopsis of the recent species of *Gastrochænidæ*, a family of *Acephalous Mollusca*, 391, 465.
- Uhler, P. R., rectification of the paper upon Hemiptera of the N. Pacific Exploring Expedition, 258, 286; Homoptera of the same, 258, 282; descriptions of four new species of Hemiptera, 258, 284.
- Unio, descriptions of eleven new species of, by I. Lea, 391.
- Unionidæ, descriptions of twenty-five new species of, from Georgia, &c., 38; remarks on habits and growth of, by Dr. Lewis, 57; descriptions of twelve new species of, from Alabama, 59.
- Uranoscopoids, synopsis of, by T. Gill, 108; monograph of the *Tridigitate*, 263.
- Warren, David M., announcement of death of, 58.
- Wood, H. C., Jr., descriptions of new species of *Scolopendra*, 2, 10; on the American Chilopoda, with catalogue of specimens in the Smithsonian Institution, 311; description of a new species of *Thelyphonus*, 311, 312.
